The Republicans of Mason county will meet at the Courthouse Saturday, August 22d, 1903, at 1 o'clock p. m., to select delegates to the Conventions o be held at Vanceburg August 26th, 1903, to nominate candidates for Judge of the Nineteenth Judicial District and State Senator from the District composed of Mason and Lewis counties. Basis of representation is one delegate for each 50 votes and fraction over 25 cast for Presidential W. D. COCHRAN, Chairman. election in November, 1900.

JUDGE HARGIS of the county of Breathitt doesn't appear to have the least difficulty in finding people to swear that they didn't see CURT. JETT shoot J. B. MARCUM. When the eminent County Judge and Democratic State Central Committeeman runs out of witnesses in Jackson he might get a few from surrounding towns.

MR. POWERS, whether guilty or innocent, will receive a fair trial. If innocent, no Democrat desires his death. If guilty, neither Democrat nor Republican should stand in the way of it. He has the benefit of able counsel, of almost three years in which to prepare his defense, and the knowledge that he will be given every consideration the law permits. No man should ask for more.-Louis-

Never fairer statement nor truer words; but Mr. Powers should have just a little more. He should be prosecuted by a man whose own escutcheon is clean, and who is not reeking with "legal rascality" and is known as a "Jury fixer" from Cincinnati to New York; and, above all, his interests should not be jeopardized by wilful and notorious perjurers whose testimony has been secured by this self-same Tom CAMPBELL. There are plenty of honest, conscientious Democratic lawyers in Kentucky, and it was hardly necessary to go to New York to secure a bastard Republican for the prosecution, unless every decent Democratic Attorney had declined the dirty service that was demanded.

"Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering frem backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know." "WE DO AS WE DAMN PLEASE"-HARRIS.

Louisville Herald.

The Hon. James Hargis, who is an honored member of the machine Democratic Committee, continues to "do as he damn pleases" in the county of Breathitt, and his brother, ex-Senator Alexander Hargis, now of the county of Clark, did a little as he damn pleased on Friday in the investigation into the assassination of the late James Cockrell, of which crime a nephew and another relative of the Hargises were accused. The witness Green, who swore that he saw Curtis Jett in the window from which the fatal shots were fired, was taken to Jackson against his will to testify before the Grand Jury. There was another witness, however, with the significant name of Ralph Coldiron, who seems to have had the grit of his name. He went before the Grand Jury and swore that he saw another of the Hargis's kinsmen fire the

Now, willing and free witnesses are not desired in certain circles in Breathitt county. Ex-Senator Hargis at least resented Coldiron's testimony, and not only had him instantly arrested and thrown into Jail on the charge of perjury, but he proceeded to prove his relative's innocence through means of an alibi to the Grand Jury! Through this violent and unusual procedure ex-Senator Hargis's relative was discharged from custody and so was Coldiron. But it seems to be sufficient as a warning to witnesses generally against the Hargis clan that they need not apply if they don't want to get into trouble.

It shows, moreover, that the Hargis family live up to their motto:

"WE DO AS WE DAMN PLEASE."

This may be taken as having the approval of the Machine Democratic Committee. Judge Hargis is still a member of it in good standing. His resignation has not been demanded. Governor Beckham approves the Committee, the Committee approves Hargis, and Hargis does as he damn pleases in Breathitt. The chain of official authority to do that way is complete. It is by force of such authority that Sheriff Callahan was quick to serve the warrant of arrest on witness Coldiron to protect the Hargis interest, although Callahan was a witness of Marcum's assassination and did not move a muscle of his official authority to detect the assassin or even to succor the murdered man.

It is a horrible picture of social anarchy presented at the very doors of the Bluegrass, in which machine politics is revealed in such hideous colors.

There is no one to protest on the machine side. Governor Beckham's pardons now are dictated from the same source from which the anarchy proceeds.

'As Ye Sow, So Shall Ye Reap

The Bible so states, and the Bible is truth. Some sow wild oats and reap the whirlwind; others sow good deeds and reap contentment; but nearly every one sows wheat. In Mason and adjoining counties most every wheat sower reaps contentment, because they sow wheat with a Richmond Champion Patent Double Disc Drill. Fact. If doubtful send for our testimonial book. There are over 530 farmers in this section using Richmond Champion Drills. We would like for you to see what they say. That little disc does the business. Each feed run has two discs and the wheat is delivered between them. These two discs hold all the dirt out until the wheat reaches the bottom of the furrow and then covers it from both sides. The rains beat the dirt to the wheat from both sides. The wheat is fed from both sides in growing. PROVIDENCE HELPS THOSE WHO HELP THEMSELVES. Do your part by seeding as common sense teaches you is best and leave the results to Providence. Look at a CHAMPION DRILL and see if it is a common sense way of seeding.
